## For Research Use Only

## PSMB4 Polyclonal antibody

Catalog Number:11029-1-AP

Featured Product

5 Publications

| Basic Information                              | Catalog Number:<br>11029-1-AP  | GenBank Accession Nu<br>BC010088   | ımber:  | Purification Method:<br>Antigen affinity purification   |  |
|--|--|--|---|---|--|
|  | Size:<br>150ul, Concentration: 650 µg/ml by<br>Nanodrop and 267 µg/ml by Bradford<br>method using BSA as the standard;<br>Source:<br>Rabbit<br>Isotype:<br>IgG<br>Immunogen Catalog Number:<br>AG1500  | GenelD (NCBI):<br>5692   | , macropain)  | Recommended Dilutions:<br>WB 1:2000-1:10000<br>IHC 1:20-1:200<br>IF 1:20-1:200  |  |

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

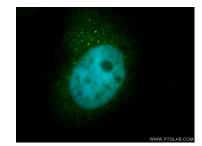

## Selected Validation Data

Various lysates were subjected to SDS PAGE followed by western blot with 11029-1-AP (PSMB4 antibody) at dilution of 1:5000 incubated at room temperature for 1.5 hours.

Immunohistochemical analysis of paraffinembedded human breast cancer using 11029-1-AP (PSMB4 antibody) at dilution of 1:50 (under 10x lens).

Immunofluorescent analysis of MCF-7 cells, using PSMB4 antibody 11029-1-AP at 1:50 dilution and FITC-labeled donkey anti-rabbit IgG(green). Blue pseudocolor = DAPI (fluorescent DNA dye).
