# MSX1 Polyklonaler Antikörper

Katalog-Nr.: 17678-1-AP

1 Publikationen

## Allgemeine Informationen

Katalog-Nr.:	17678-1-AP	GenBank-Zugangsnummer:	BC021285
Größe:	150ul , Konzentration: 700 µg/ml von Nanodrop und 393 µg/ml durch die Bradford-Methode mit BSA als Standard;	GenID (NCBI):	4487
Wirt:	Kaninchen	Vollständiger Name:	msh homeobox 1
Isotyp:	IgG	Berechneté Masse:	303 aa, 32 kDa
Immunogen Katalognummer:	AG11700	Beobachteté Masse:	32 kDa

Reinigungsmethode:  
Antigen-Affinitätsreinigung

Empfohlene Verdünnungen:  
WB 1:500-1:2000

## Anwendungen

Geprüfte Anwendungen:

WB, ELISA

In Publikationen genannte Anwendungen:

WB

Getestete Reaktivität:

Human, Maus, Ratte

Zitierte Arten:

Human, Maus

Positivkontrollen:

WB : Maus-Skelettmuskelgewebe, Ratten-Skelettmuskelgewebe

## Hintergrundinformationen

MSX1, also known as, Homeobox protein Hox-7 or Msh homeobox 1-like protein, is a 303 amino acid protein, which plays an important role during embryogenesis. Msx1 was the first mammalian member of the Msx subfamily of homeobox genes that was described, and it was isolated from a cDNA library prepared from mouse 8.5-day embryos. Expression of Msx1 has been described during embryogenesis of limb buds, genital ridges, visceral arches, craniofacial structures, central nervous system, and the developing pituitary gland. Msx1 expression in adult mouse uterus and mammary gland has also been reported recently. (PMID: 9369446). MSX1 displays homology to the Drosophila muscle segment homeobox (msh) gene, which is important in development. MSX1 encodes important genes that regulate numerous morphogenic events, such as tooth formation, bone development, development of the central nervous system, and the development and proliferation of various cell types (PMID: 18379900).

## Bemerkenswerte Veröffentlichungen

Verfasser	Pubmed ID	Journal	Anwendung
Huizhe Wu	35173309	Oncogene	WB

## Lagerung

Lagerungsbedingungen:

Bei -20°C lagern. Nach dem Versand ein Jahr lang stabil

Lagerungspuffer:

PBS mit 0.02% Natriumazid und 50% Glycerin pH 7.3.

Aliquotieren ist nicht notwendig bei -20°C Lagerung

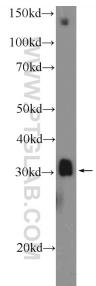

\*\*\* 20ul-Größen enthalten 0.1% BSA

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

## Ausgewählte Validierungsdaten

mouse skeletal muscle tissue were subjected to SDS PAGE followed by western blot with 17678-1-AP (MSX1 Antibody) at dilution of 1:1000 incubated at room temperature for 1.5 hours.
