Anticorps Polyclonal de lapin anti-MSX1

Numéro de catalogue: 17678-1-AP

1 Publications

Informations de base

Numéro de catalogue:	BC021285	Méthode de purification:
17678-1-AP		Purification par affinité contre l'antigène
Taille:	4487	Dilutions recommandées:
150ul , Concentration: 700 µg/ml by Nanodrop and 393 µg/ml by Bradford method using BSA as the standard;	msh homeobox 1	WB 1:500-1:2000
Hôte:	MW calculé	
Lapin	303 aa, 32 kDa	
Isotype:	MW observés:	
IgG	32 kDa	
Immunogen Catalog Number:		
AG11700		

Applications

Applications testées:	WB,ELISA	Contrôles positifs:
Demandes citées:	WB	WB : tissu de muscle squelettique de souris, tissu de muscle squelettique de rat
Spécificité de l'espèce:	Humain, rat, souris	
Espèces citées:	Humain, souris	

Informations générales

MSX1, also known as, Homeobox protein Hox-7 or Msh homeobox 1-like protein, is a 303 amino acid protein, which plays an important role during embryogenesis. Msx1 was the first mammalian member of the Msx subfamily of homeobox genes that was described, and it was isolated from a cDNA library prepared from mouse 8.5-day embryos. Expression of Msx1 has been described during embryogenesis of limb buds, genital ridges, visceral arches, craniofacial structures, central nervous system, and the developing pituitary gland. Msx1 expression in adult mouse uterus and mammary gland has also been reported recently. (PMID: 9369446). MSX1 displays homology to the Drosophila muscle segment homeobox (msh) gene, which is important in development. MSX1 encodes important genes that regulate numerous morphogenic events, such as tooth formation, bone development, development of the central nervous system, and the development and proliferation of various cell types (PMID: 18379900).

Stockage

Stockage:

Stocker à -20°C. Stable pendant un an après l'expédition.

Tampon de stockage:

PBS avec azoture de sodium à 0,02 % et glycérol à 50 % pH 7,3

L'Aliquotage n'est pas nécessaire pour le stockage à -20C

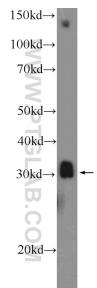

*** Les 20ul contiennent 0,1% de BSA.

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

Données de validation sélectionnées

mouse skeletal muscle tissue were subjected to SDS PAGE followed by western blot with 17678-1-AP (MSX1 Antibody) at dilution of 1:1000 incubated at room temperature for 1.5 hours.
