Selected Validation Data Selected Validation Data	Purity	85%, by SDS-PAGE with Coomassie Brilliant Blue staining.		
Stability and Storage Store for up to 12 months at -20°C to -80°C as lyophilized powder. Storage of Reconstituted Protein Short Term Storage: Store at 2-8°C for (1-2 weeks). Long Term Storage: Aliquot and store at -20°C to -80°C for up to 3 months, reconstitution with sterile water and addition of an equal volume of glycerol. Avoid repeat freeze-thaw cycles.
